**PURPOSE OF THE WORK SESSION:** The purpose of the work session is to review background information related to General Plan 2030 and for Council to discuss and provide direction to staff regarding their vision for General Plan 2030.

**BACKGROUND:** Prior to developing a draft General Plan for review by Council, City Boards and Commissions, and the community, it is important for the Council to agree on the “big picture” vision of the Council and the community. Staff presented a series of “guiding principles” to Council at a work session on April 21, 2009. After discussing the guiding principles, Council directed staff to schedule additional work session(s) to allow for more in-depth dialogue about the community vision that should guide the General Plan.

Staff will review information gleaned from the community, technical studies, and from Commission and Council work sessions throughout the General Plan Update process. Staff will then facilitate a discussion regarding the General Plan vision.

**REQUESTED OUTCOMES OF THE WORK SESSION:**

1. Receive presentation.
2. Receive public comment.
3. Provide general direction to staff.
